

Let's have a game of pantomime!

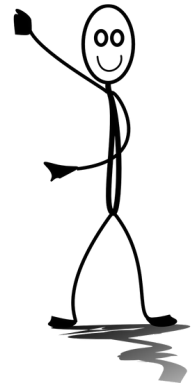

Get together in groups of four or six people. Take turns in demonstrating the actions on the cards. The others have to guess what the actor is doing.

- Draw a card and act out what it says.
- One of you watches the clock: You have 1 minute maximum to guess!
- Important: Use the new structure and try and pick the right form!

Examples:

We can see you running!

We heard you cry out!
