

① You and your partner have received an artwork. Please carry out the following steps:

- Describe what the painting depicts.
- What could certain symbols in the painting mean? (Analyse and interpret)
- What might be a feature that catches an audience's attention?

② You have now analysed the painting in some detail and are asked to do a **5 minute presentation** of yours before a group of experts on art. Be careful to implement these points:

- Create a PowerPoint presentation.
- Describe your picture quickly and state why it is special.
- Engage your audience through means of asking questions, etc.
- End the presentation with a fitting slogan with which to advertise the painting.
