Work sheet: How to create an audio recording

1	Choose your text passage
	- it should be 1-2 minutes long if read out loud
	What passage did you choose? Write down your book title and the page number(s)

- 2 Practice reading the passage
 - focus on: pronunciation and pauses at punctuation Are there any problems? If yes, write them down so you don't forget to ask about them.
- 3 Set up your recording space Check if you ...
 - ... have completely finished the first two tasks
 - ... have a recording device
 - ... have quiet surroundings
- 4 Set up your recording device Check if ...
 - ... your microphone is covered or blocked Record a short test. Did it sound how you wanted it to? If not, what do you want to change?
- (5) Record your reading
 - make sure to read slowly and clearly
 - don't be afraid to make mistakes, you can always edit them out later and try again
- 6 Listen and check Listen to your recording from start to finish. Are you satisfied with your recording? Why or why not?

Did you speak clearly? Is the background quiet?

- (7) Save your audio file
 - choose an appropriate name for your audio file so it's easier to find it again later

don't be afraid to make mistakes when reading out loud
