

Let's play BINGO

① **Walk around the room** and **find people who meet the requirements** in the boxes.

Find one person for each box and write their first name in the box.

It is **not allowed** to list a person **twice**.

The first person to fill in **8 boxes, at least 1 of each column (horizontally)**, wins.

• **Find ...**

... someone who likes cycling.	... someone who can tell a joke.	... someone who plays football in a club.	... someone who has ever caught a fish.	... someone who is already an aunt/uncle.
... someone who wears a watch.	... someone who has blue eyes.	... someone whose shoe size is bigger than 44.	... someone who likes going to the cinema.	... someone who has a pet.
... someone who plays tennis.	... someone who likes travelling.	... someone who has ever been to Italy.	... someone who has black hair.	... someone who has been camping.
... someone who cooks.	... someone who can sing well.	... someone who is taller than 1.80.	... someone who wears contact lenses.	... someone who writes a diary.
... someone who can do a handstand.	... someone who likes to read comics.	... someone who is a vegetarian.	... someone who has a tattoo.	... someone who has ever had a parking ticket.
