- Choose one of the lessons plan and have a closer look at it!
- Whenever something sticks out to you, take a note. You might want to use Pad.Up wo we gather it all in one place:

③ Let's discuss some more. Here are some questions:

- Do you think flipped lessons are worth the effort?
- What are some scenarios, flipped lessons come in handy, especially considering the every day life of a teacher?
- Are flipped lessons similar in effectiveness across all subjects?
- To what extend are there similarities and differences when comparing the flipped lessons here fromt the ones you experienced yourself?
