## Analysing Schelbli's „The Beauty“

### 3.2.2. Our responsibility to protect the environment: The global waste crisis - plastic waste

- ① Find examples for the three aspects of an analysis and explain their function.

|                      | examples | function |
|----------------------|----------|----------|
| stylistic devices    |          |          |
| choice of words      |          |          |
| mode of presentation |          |          |

- ② Analyse the way the clip and the text work together.
