sentence structure 01

sentence structure - Satzbau im Englischen

In the English language, the sentence structure is very important, because it's different than in German. The basic structure of an English sentence is:

subject + verb + object

e.g. Fred eats an apple

- ① Colour every subject red, verb green, and object blue.

My sister likes apples.

My family is afraid of spiders.

They are drinking milk.

We are studying English.

You bought three books.

time and place

Phrases of time and place always stand at the end of a sentence or at the beginning.

Important: place before time e.g. We travelled to Australia in 2020.

- ② Correct the following sentences.

We thought for a minute about Australia.

They went five years ago to the Uluru.

He likes to collect mushrooms in the summer in Germany.

We thought we weren't able to make it 2022 through the hard winter.

Let me take a minute tomorrow to talk about Australia in our classroom.
