In your latest test, some of you had quite some troubles with using the words **who**, **which**, **witch** and **with** correctly. Therefore, I asked ChatGPT to create a text about Winnie, who is a witch, with which you can practice these words again. **First translate the words.**

Once upon a time, in	the magical lan	nd of Enchantia	, there was a tricky	naı	med Winnie. W	innie

The kids got scared and started running away. "I will teach them a lesson," she whispered to Wilbur.								
Winnie, her broomstick in hand, ran after the kids through the dark woods. The trees,								
looked like	e they were slow	wly waving, wer	e watching the craz	y chase . The c	razy	really		
wanted to catch the kids! As the kids were running between the trees, they saw that Winnie's powers were								
getting stronger. She was getting closer! They ran faster, trying to get away from the tricky								
Finally, they reached	an <mark>open space</mark> ,	gav	e them a little break	. Winnie, brea	thing hard, sto	pped

Winnie, knowing she lost the race, went back to her house.								
The kids,	a new understa	inding of the <mark>d</mark>	angers in the magic	al forest, went	back to their v	illage.
